

Presentación

Su elaboración en formato electrónico; iniciada en julio de 2002, ha supuesto importantes ventajas de cara a ampliar y agilizar su difusión entre los profesionales del sector, permitiendo asimismo la localización de documentación relevante por parte de cualquier ciudadano interesado en el campo de las drogodependencias.

Como en los números anteriores en el boletín de diciembre se recogen las principales novedades bibliográficas que, sobre los distintos aspectos relacionados con las adicciones, han tenido entrada en el Centro de Documentación de la Delegación del Gobierno para el Plan Nacional sobre Drogas en los tres últimos meses. Las referencias aparecen clasificadas en tres grandes epígrafes: Sumario de Revistas, Principales Novedades Bibliográficas (clasificadas por temática) y Legislación.

Esperamos que el boletín, cuya difusión se realiza a través de listas de distribución de correo electrónico y de su presencia permanente en la página web de la Delegación del Gobierno para el Plan Nacional sobre Drogas, sea de interés y quedamos a la espera de cualquier sugerencia y o consulta que sobre el mismo queráis formular.
